

PPA stands united as an organization against racism. As a club, we are committed to inclusion and diversity in all forms. PPA's commitment to you is that we will always work to do the right thing for our players, their families, and our community.

Our organization was built on a premise of being a positive force for our community, and developing our players to be good people. As a youth sports organization, we have the capacity to shape the lives of today's youth and tomorrow's leaders. It is time for all of us to come together and work as one to eradicate racism, racial inequality, and racial injustice.

On this issue, we are determined to use our voice and support our community through advocacy and action. We are proud to have the opportunity to create permanent change and to do so together.
